

BCASP

British Columbia Association
of Security Professionals

Meeting Notice

General Member Meeting

Date: Thursday September 24th, 2009

**Location: Accent Inns
3777 Henning Drive, Burnaby BC**

Time: 6:00pm

Presenter: Intralock Tools Limited

Presentation Outline:

Since 1985, Intralock Tools Ltd (ITL) has been developing locksmithing solutions for the security industry. Its products range from the powerful ITL 9700A computerized key machine to the ITL 2000 Electronic Safe Dialer. All were considered revolutionary at the time of their debuts and the ITL 2000 is one of the few effective devices of its type on the world market today.

Gordon Parr, the founder of ITL and a locksmith by trade, will be demonstrating the many popular features of the company's machines, including a new model. Attendees will have the chance to inspect them close-up and personal and to test-drive units for themselves. A certificate of attendance will be given to all registered participants.

Cost: \$35 for Members in good standing
\$60 for Non-Members - payable by cash or cheque
